## EXPERIENCE

### DESIGN CONSULTANT

Freelance, January 2009 - Present

Clients include:

- + Popstar Networks
- + Lawrence Regional Technology Center
- + IDSA Kansas City

### GRAPHIC DESIGNER

Heart of America E-Commerce, May 2008 - January 2009

I worked directly with the CEO and Lead Applications Developer to define business goals and strategies for this social shopping community. I was directly responsible for defining and creating our brand, information architecture, site navigation, look and feel, and graphical content for marketing and promotions.

### INTERACTION DESIGNER

Cerner Corporation, June 2007 - May 2008

I helped develop interfaces and the look and feel of our medical software as part of the User Experience Team. In my time there I worked on multiple teams simultaneously to help develop an online health record, a Pharmacy application for approving medications, a digital imaging viewer for Radiologists, and headed the Icon Committee in organizing a library of 10,000+ icons.

### GRAPHIC DESIGNER / ILLUSTRATOR

Spirit Industries, March 2005 - January 2006, September 2006 - May 2007

I created and prepared artwork to be screenprinted on T-shirts and other apparel as the in-house designer for this print shop.
